Strategic Alliances “Working together for development”

Mexico City National Chamber of Commerce has created a new concept of alliance. It will allow to your organization has an invaluable support in order to generate more opportunities for the businessmen that you are representing so that they can do business in Mexico.

These supports are:

- Consultancy in foreign trade (import and exports issues, code tariff, norms, etc.)
- Information of Mexican companies (manufacturers, traders, distributors and services)
- Promotion of your events in the strategic alliances section of our web page
- Promotion of the offers and demands of your members in our electronic bulletin of foreign trade
- Imports and exports statistics of any product.

*Mexico City National
Chamber of
Commerce*

These services will be provided by our Chamber without cost to your members or your organization, facilitating and complementing your services for welfare of your companies.

To participate in this project of strategic alliances, our chamber requires your support for the promotion of the 7th World Chambers Congress, putting on a banner in your website, distribution of printed material in your facilities and other supports that allow to its members know this important event.
